Read the text carefully and then do the activities:

In the world of business, we often say "business is business". **It** means that when we are doing a business, we need to focus on practical things. We buy and sell things, make money and try to succeed. **§1**

In business, we don't let personal feelings get in the way. We make decisions based on what makes sense and what will help us make a profit. We think about things like costs, what people want to buy, and what our competitors are doing. It's about taking risks, investing and trying to grow. **§2**

Business is important because it creates jobs and helps our economy grow. When we say "business is business", we are reminding **ourselves** to stay focused, make smart choices, and work towards success. It's about finding the right balance between making money and doing what is right for our customers and our community. **§3**
