First term English test

Text :

My mother follows a thoughtful daily routine filled with love and care. She wakes up early to do her dawn prayer then she cleans the house and prepares a healthy breakfast for everyone. After that, she waters the plants and checks that everything is in order. She enjoys spending time with children by helping them with homework, reading stories, or doing fun craft. In the afternoon, she usually cooks lunch, folds laundry and sometimes takes a short rest. In the evening, she prepares dinner, helps the kids get dressed for bed and tells bedtime stories. My mother prefers calm, quiet time over noisy activities and always makes sure everyone feels cared for and happy .
